Re: Notice of Withdrawal and Delivery of Papers of Patent Case

Dear Rich:

This letter is to give you notice that, pursuant to your telephone and follow-up e-mail instructions of December 5, 2003, to return to you the files of all Hewlett-Packard (H-P) patent matters being handled by Dechert, we have taken the necessary steps for withdrawing as attorneys of record in the pending H-P patent matters, as required under California and U.S. Patent rules of practice. We are enclosing herewith a copy of our requests to withdraw as attorneys of record for each of the pending patent application matters being handled by Dechert LLP. In further accordance with these rules we have gathered and prepared for delivery to you the papers comprising the H-P patent applications and their prosecution.

We anticipate that Hewlett-Packard will pay the outstanding invoices for our work on these patent matters. If you have any questions about any of these arrangements, please call me.

In closing, we have enjoyed supporting you in managing the patent portfolio of your organization. We likewise appreciate your kind remarks about our work over the years. Going forward, we hope to have the opportunity to provide you additional service.

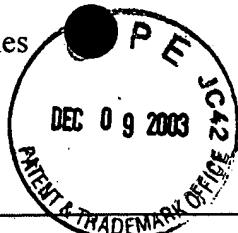

Very truly yours,

Leah Sherry

Leah,

Per our conversation this morning, please forward all HP/Compaq patent files in your possession to HP as soon as reasonable possible. Dechert LLP has a conflict of interest with HP and is not on the approved list of outside counsel.

It is my understanding that you have approximately thirty such files. Please send me a list of the HP/Compaq patent files by email on Monday. Glenda Gilliland will be working with me concerning the details of transferring these files to HP.

Jennifer Rodriguez (650 857 4635) and I are attempting to move all of the invoices from Dechert as quickly as possible through the HP system. Jennifer is your contact person for administrative details related to the Dechert invoices.

As I mentioned, a number of the invoices are not prepared as required by the HP Outside Counsel procedures, or are for services not authorized by HP, i.e. copying, postage, forwarding PTO correspondence, etc., or both. These invoices will be returned for correction, or without payment, as appropriate.

Thank you for all of the great patent work through the years! At the same time you have transitioned through several law firms, I have evolved through several companies. We do indeed live in dynamic times!

Rich
